## Words From The Product Designer

Hey friends,

Mason here, the brain behind that nifty Original Neck Reading Light you've come to love. I'm buzzing with excitement to roll out the latest update to our reading game-changer, the new and improved Ergonomic Neck Light. We've taken all the love you showed for the original and dialed it up to create an even more fabulous reading buddy.

Now, you're probably wondering, "What's new and snazzy with this version?" Let me break it down for you:

**Supercharged Comfort:** We listened to your feedback loud and clear. The top request? Make it snugglier. So, we beefed up the cushioning and made the neck pad softer. Now, it's like a hug for your neck—as comfy as your favorite neck massager. Give it a whirl!

**Travel-Ready Lock-In:** You spoke, we listened. Many of you shared genius ideas for a lock feature, and we've made it happen. With a quick flick of the lock, your Ergonomic Neck Light stays off in your bag, so no more surprise wake-ups. Travel without the oops-did-I-leave-the-light-on moments.

## Words From The Product Designer

**Gentle Sleep Mode:** Ever wished for a sunset inside your room? Our sleep aid mode's got you. It dims down like a sunset, telling your brain it's chill time, setting you up for a peaceful drift-off. Imagine that, a personal sunset right before bed.

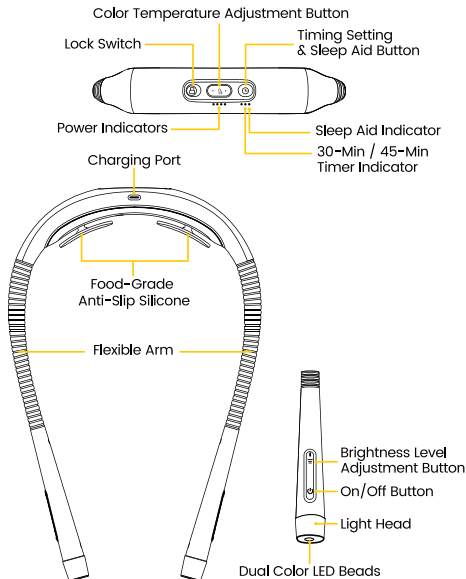

This isn't just an accessory; it's your new night-time pal, making each reading session a joy. Brighter, more flexible, and with that just-right light, it's ready to be your go-to for late-night adventures in books.

So, are you ready for a reading experience that's lit in all the right ways? Snag your Ergonomic Neck Light and let's light up your reading life.

Happy cozy readings,

**Mason**

**Founder & CEO of Glocusent**

## Instruction

### Power

Short Press -----  On/Off

### Brightness Level

Short Press to Adjust Brightness Levels

Level 1 — Level 2 — Level 3 — Level 4 — Level 5

Or long press for stepless brightness adjusting

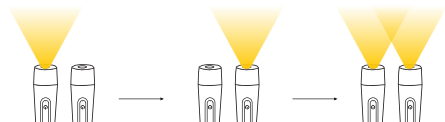

### Color Temperature

Short Press to Adjust Color Temperatures

2700k —————> 4000k —————> 6000k

### Independent Control For Each Head

## Timer Function

---

Choose from two timer settings

With the lamp on, select your preferred timer by pressing the timer button, prompting the corresponding timer indicator to light up.

## Sleep Aid Feature

---

With the lamp on, select your desired timer duration.

Press and hold the timer button for **2 seconds** to activate the sleep aid mode; the sleep aid indicator will light up.

Press and hold the timer button for another **2 seconds** to deactivate the sleep aid feature; the sleep aid indicator will turn off.

## Lock Feature

---

Switch the lock button on the neck to the left to prevent the light from accidentally activating while carrying it.

## Precautions

- Use a 5V output wall plug to make sure the Ergonomic neck light is working at its full capacity.
- Please avoid placing this light in an extreme temperature environment (either too hot or too cold).
- Please charge it at least once every 6 months to maintain the battery's lifespan.
- Disposal: When you are ready to dispose of the product after wearing it out, please make sure to follow the instructions of your local government for environmental and safety purposes.

## How to Charge the Light

- ① Simply plug the provided USB-C cable into the charging port in the neck, and connect it with a 5V power charger.
- ② It takes about 3.5 hours to fully charge the light.
- ③ Please fully charge the product before first use.

### Note:

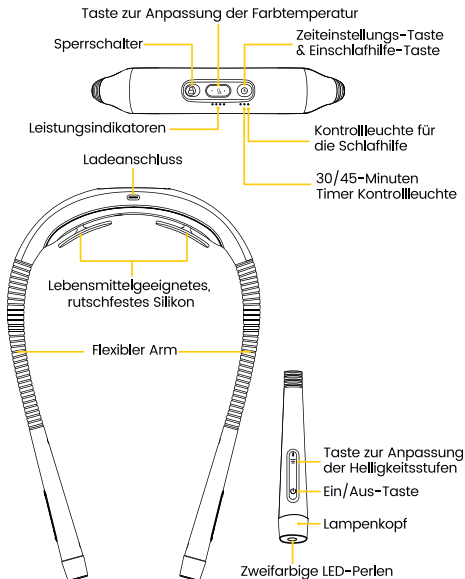

The green charging indicator lights will flash while the reading light is charging and will turn solid when it is fully charged.

## Product Specifications

|                   |                                |

## 🔒 ロック機能

---

首のロックボタンを左に切り替えて、携帯中に光が誤って作動するのを防ぎます。

## About Glocusent

Ever since we saw our first sunrise illuminate the beautiful Colorado Springs, we've become a lighting product company that believes that light is a critical element to capturing the magic in moments. No progress was ever made in the dark, and we're here to deliver that light to ensure that our users are always progressing. At Glocusent, we refer to three core principles: glory, focus, and moments.

**Glory:** We're about bringing light to your life, and we believe life is filled with glory, whether that's in your career or with your family. Let us shine a light on that glory.

**Focus:** Our team at Glocusent is focused on creating innovative lights and lamps that are convenient, smart, and tailored to its user. In the wise words of Roy T. Bennett, "Life is short; focus on what really matters; you should change your priorities over time." With our lights, you can focus on what matters.

**Moment:** Moments are fleeting. Your lives are filled with beauty, romance, and happiness. Our innovative lights are there to help you capture the moments.

## Verification of Compliance
